

Generative AI Policy Guidance

Guidance
adopted
on
February
16,
2023

**Honor
Code
Implications
of
Generative
AI
Tools**

The
Board
on
Conduct
Affairs
(BCA)
has
been
asked
to
address
the
Honor
Code
implications
of

generative
AI
tools
such
as
ChatGPT

ChatGPT, Bard, DALL-E, and Stable Diffusion. These are novel tools, and both students and instructors have been experimenting with their use in academic settings.

While these tools have applications that foster student learning and understanding, these tools can also be used in ways that bypass key learning objectives.

To give sufficient space for instructors to explore uses of generative AI tools in their courses, and to set clear guidelines to students about what uses are and are not consistent with the Stanford Honor Code, the BCA has set forth the following policy guidance regarding

generative AI in the context of

or
coursework;

Absent
a
clear
statement
from
a
course
instructor,
use
of
or
consultation
with
generative
AI
shall
be
treated
analogously
to
assistance
from
another
person.
In
particular,
using
generative
AI
tools
to
substantially
complete
an
assignment
or
exam
(e.g.
by
entering
exam
or
assignment
questions)
is
not
permitted.
Students
should
acknowledge
the
use
of
generative
AI
(other
than
incidental
use)
and
default
to
disclosing
such
assistance
when
in
doubt.

Individual
course
instructors
are
free
to
set
their
own
policies
regulating
the
use
of
generative
AI
tools
in
their
courses,
including
allowing
or
disallowing
some
or
all
uses
of
such
tools

courses.
Course
instructors
should
set
such
policies
in
their
course
syllabi
and
clearly
communicate
such
policies
to
students.
Students
who
are
unsure
of
policies
regarding
generative
AI
tools
are
encouraged
to
ask
their
instructors
for
clarification.

The
BCA
will
continue
to
monitor
developments
in
these
tools
and
their
use
in
academic
settings
and
may
update
this
guidance.
Members
of
the
community
are
encouraged
to
contact
the
BCA
to
provide
input,
suggestions,
and
comments
on
this
policy.
NOTE:
As
part
of
the
BCA's
guidance
on
clear
communication
of
a
course's
generative
AI
policy,
OCS
recommends
course
instructors
provide
clear
advance
notice
that
their

they
may
use
detection
software
to
review
work
submitted
for
use
of
generative
AI. Other
helpful
information
for
faculty
and
course
assistants
can
be
found
[HERE](#).

**If
you
are
in
doubt
about
whether
a
generative
AI
source
(or
any
source)
is
permitted
aid
in
the
context
of
a
particular
assignment,
talk
with
the
instructor.**
